ARTIST INDEX

In this section of **UK Hit Albums**, we list every record that has hit the UK Top Ten album chart from 28 July 1956 to 31 December 2015.

The information is presented alphabetically by artist's first name (instead of the surname), and then chronologically for each hit.

Each hit album is catalogued with the following information: date disc first hit the chart, title of hit, highest position the hit reached on the chart, and total number of weeks spent at #1.

The Heavy Edition also contains the total number of weeks spent on the chart.

Symbols:

- ① Number One Hit
- ▲ Top Three Hit

Collaborations:

We have credited collaborative hits under the entries of all the artists involved. So, for example, you will find Tony Bennett and Lady Gaga's 2014 hit, "Cheek To Cheek", listed twice - once under Tony Bennett and once under Lady Gaga. The points of this hit are given to both artists.
